## Acute Care Registered Practical Nurse

<b>Classification</b>	RPN
<b>Department</b>	2E – Acute Adult/Pediatrics

### Description

The role of the Registered Practical Nurse (RPN) is to provide care to clients who are individuals or groups of individuals, including family members and significant others. The RPN is able to practice independently when the clients' condition is common enough that the outcome is predictable, allowing the RPN to implement pre-set care plans that include a limited range of interventions. The RPN will seek the collaboration of the RN in client situations that are beyond this scope.

### Qualifications

- Current Certificate of Competence from the College of Nurses of Ontario
- Current Certificate in BCLS (within 12 months)
- Certification in IV Therapy for RPN's with demonstrated ongoing competence
- Certification in Blood Glucose Monitoring and demonstrated ongoing competence
- Completed a recognized Medication Delivery Program and is able to demonstrate ongoing competence
- Will provide evidence of professional development
- Demonstrates good verbal and written communication skills
- Demonstrates good interpersonal skills
- Demonstrates responsibility and accountability for her/his own actions
- Demonstrates a multidisciplinary approach to patient care
- Reliable attendance record
